Prime Minister's Department.

21st June, 1937.

THE following cable has been received from Hon. Walter Nash.

dated London. 18th June.

NEW ZEALAND POST OFFICE TELEGRAMS.  
Printed at Wellington in this press.

Major Buckley London representative Honey Control Board has been advised by Chairman of the Board that Government has approved purchase of any suitable honey in London for blending with New Zealand honey to be sold here as Imperial Bee under amended labels as blended honey. Words "pure New Zealand" being deleted from existing labels. Please cable extent Government committed to proposal also date Government approached and advice as to steps taken to secure sufficient suitable honey in the Dominion to meet London requirements, advise whether Government have approved purchase of 100 tons Australian honey for second grade and bulk sale. Jordan and I are of opinion that no honey should be sold as Imperial Bee other than first quality New Zealand. (SIGNED). NASH.
